

UNION EUROPÉENNE DES MÉDECINS SPÉCIALISTES

Section and Board of Endocrinology

Dear delegates,

The weekend of May 30th till June 1st 2025 we will have our assembly in Athens ! The Hellenic Endocrine Society and Marinella Tzanella have arranged a great hotel and stay for us. Please give an indication whether you plan to attend. We hope to see all of you in Athens.

Important : registrations and hotel reservations **MUST** be made through the local organisers on the attached form, ie through the conference website at info@endo.gr and not directly with the hotel or through booking.com as this is a package deal. Furthermore please note that any (accommodation, meals, social programme) expenses incurred by any accompanying persons will need to be settled separately by the respective delegate.

We are also inviting interested delegates to a whole day question-writing session on Friday the 30th instead of a short morning session early on the Saturday as happened in the past. Delegates who express interest in participating in the Question Writing workshop will receive more information and booking options about that session later. Please let us know if you wish to attend that !
